

UNIVERSITY OF
LIVERPOOL

Life Sciences

We'd like to meet you at one of our forthcoming Discovery Days. It's a great chance to get a sense of the place and talk to staff and students in the department about Life Sciences at Liverpool.

You can see the timetable for the Discovery Day overleaf. You will also receive an email with a link to register for your Discovery Day. If you have any questions don't hesitate to contact Wendy Houghton, Events Manager, at E: wendyh@liv.ac.uk or on T: 0151 794 5832. You will also receive a separate 'How to find us' leaflet, including details on how to get to the University, and a campus map.

Studying at Liverpool is a unique experience, and there's nothing like spending a day here to get a taste of what student life in your department will really be like. We look forward to meeting you.

Why choose Life Sciences at Liverpool

- We offer you unique breadth and flexibility through our interdisciplinary mix of research-led teaching across the entire spectrum of the life sciences
- Opportunities for international and industrial placements/internships
- 3-year (BSc) and 4-year (MBiolSci) programmes of study
- We are among the largest and best equipped schools in Europe, with a highly rated Biological Teaching Centre and Human Anatomy Resource Centre
- Your individual Academic Advisor and our wider network of friendly staff are dedicated to helping you reach your potential
- The University of Liverpool has been teaching and researching Life Sciences for over 100 years

Graduating to Great Things.

SATURDAY DISCOVERY DAY SCHEDULE

When you arrive (between 9.15-9.45) please register at the Central Teaching Hub (Building No. 221, map ref: F6), you can check the map references on the campus map included in the 'How to find us' booklet.

9.15-9.45 Registration

Central Teaching Hub (Building No. 221, map ref: F6)

9.45-10.15 Welcome Talk

An overview of the University of Liverpool, highlighting our academic achievements and support facilities.

Central Teaching Hub (Building No. 221, map ref: F6)

10.15-10.45 Campus Tour

An opportunity to see the main features of our campus and, as all guides are current students, you will hear a first-hand account of life at Liverpool. At the end of the tour you will be dropped off at your chosen department.

Departing from Central Teaching Hub (Building No. 221, map ref: F6)

Please check below for the programme code for which you have applied for your Discovery Day department activities.

Specific activities for applicants for the following programmes: B120, B210, C100, C111, C130, C300, C400, C500, C700, C720, C900

10.45-11.45 Welcome Talk

Formal presentation of the undergraduate curriculum and syllabus. This talk includes details of your study programme, our approaches to the delivery of the theoretical and practical aspects of the Life Sciences, the formal tutorial system, assessment and your opportunities for training in research.

Life Sciences Building (Building No. 215, map ref: F8).

Specific activities for applicants for the D900 programme

10.45-11.45 Welcome Talk

Talk on the Bioveterinary programme at Liverpool. This will focus on the bespoke veterinary modules of the Bioveterinary programme, and how the course is integrated between the Schools of Life Sciences and Veterinary Science. It will also include careers guidance, and case studies of what employment paths Bioveterinary Science graduates have pursued. Life Sciences Building (Building No. 215, map ref: F8)

Departmental activities for all applicants except applicants for the B110 programme (see below)

11.45-12.15 Tours

Conducted tours of teaching and research facilities in both the Life Sciences Building and the UK's first Institute of Integrative Biology. The laboratories are state of the art and supported by the Centre for Genomics Research (CGR), Centre for Structural Biology and the Northwest Centre for Cell Imaging. These facilities and other high technology specialities in the Institute of Translational Medicine are at the disposal of our students for project work. Life Sciences Building (Building No. 215, map ref: F8)

12.15-13.00 Lunch

Enjoy lunch with academic staff and students from across the School. Posters on our courses and activities will be on display with the opportunity for you to discuss our degree programmes. The Liverpool Biological Sciences undergraduate students' Society will be in attendance along with staff from the award winning University Careers Service. Teaching Centre, Life Sciences Building (Building No. 215, map ref: F8)

Specific activities for applicants for the B110 programme
